SIRIX

# SIRIX COPYKAT TRADER

A copying tool that determines your trade size according to your equity, and the trader's trade size

Automatically takes into account:

- ❖ Your equity and leverage
- ❖ The Trader's equity and leverage

The trade size is worked out automatically and is the safest way of ensuring you always enter positions

A screenshot of a trading platform's "SOCIAL STREAM" interface. The interface has a dark background with white and green text. At the top right, there is a "Top Traders" dropdown menu. The main area displays a list of trade events, each with a trader's profile picture, a small flag icon, and a "COPY" button. The events include:

- PAYMAN CLOSED A EURUSD BUY POSITION AT 1.35573 EARNING 52.59%
- SILVEREDGE CLOSED A EURUSD BUY POSITION AT 1.35580 EARNING 12.17%
- IONELPATROI CLOSED A EURUSD BUY POSITION AT 1.35567 EARNING 2.95%
- LOGICALTRADER OPENED A CHFJPY BUY POSITION AT 113.446
- RUVIK1 OPENED A GBPUSD BUY POSITION AT 1.69922
- MAHFAY CLOSED A EURUSD BUY POSITION AT 1.35581 EARNING 0.59%

Each event also includes a timestamp of "23 minutes ago".

# COPYING

The screenshot shows a trading platform interface. On the left, a profile for "ALLICLAUDE" is visible, including a placeholder profile picture, a "COPY" button, and a "WATCH" button. The main area is titled "COPY" and contains a text box with instructions: "Click 'Copy fixed-size positions', choose the size trade you want to copy the trader. Every time he trades, you will copy his trade with the position size you have entered." Below this, there are two radio button options: "Allocate equity" (with a value of 1000) and "Copy fixed-size positions" (with a value of 0.10). An orange arrow points from the text box to the "Copy fixed-size positions" option. At the bottom of the main area, there is a "COPY" button highlighted with an orange box. A text box on the right says "Click on 'Copy' button". At the bottom of the interface, there is a "Suggestions" section with a list of other traders and their P/L percentages.

Click "Copy fixed-size positions", choose the size trade you want to copy the trader. Every time he trades, you will copy his trade with the position size you have entered.

Click on "Copy" button

# CONFIRMATION

The screenshot shows a trading platform interface with a confirmation dialog for copy trading. The dialog is titled "COPY TRADING" and contains the following text:

Positions that **AlliClaude** opens and closes will be automatically copied into your account.

A "CLOSE" button is visible in the center of the dialog.

The background interface shows the profile of "ALLICLAUDE" with a profile picture, a bio, and a list of suggestions for other traders to watch. The suggestions include:

Trader Name	P/L
AlliCL...	>500%
MJFOREX	<10%
www...	<5%
amihaydv	<25%
Gizu013	+454%

# HOW THE TRADE SIZE IS CALCULATED

Remember, the system calculates the trade size automatically!!!

All you need to enter is the equity you want allocated for the trader

*CopyKat trader* will do the rest for you!

The following pages are simply an explanation  
but you will never need to do this calculation

# HOW THE TRADE SIZE IS CALCULATED

## Example:

- ❖ Master Trader has \$50,000 in his account
- ❖ Master opens trade of 1 lot USDJPY (\$100,000)

Master used 2:1 leverage  
(ie \$100,000 position with \$50,000 equity)

- ❖ You have Allocated Equity of \$2,000
- ❖ Your trade size will use same leverage as trader ie 2:1

Your trade size will be 0.04 lots  
(ie  $\$2,000 * 2$ )

# HOW THE TRADE SIZE IS CALCULATED

## Example 2:

- ❖ Master Trader has \$10,000 in his account
- ❖ Master opens trade of 1 lot USDJPY (\$100,000)
  
- Master used 10:1 leverage  
(ie \$100,000 position with \$10,000 equity)
  
- ❖ You have Allocated Equity of \$2,000
- ❖ Your trade size will use same leverage as trader ie 10:1
  
- Your trade size will be 0.2 lots  
(ie  $\$2,000 * 10$ )
